

# Catch Net Assembly Instructions

<u>Part #</u>		<u>Qty</u>
Part 1	-	2
Part 2	-	2
Part 3	-	2
Part 4	-	1
Part 5	-	2

1. Make sure all parts are included.
2. Assemble the base of the frame first, then the upper parts. Make sure that the steel prongs on pipes #1 are facing the back of the net.
3. Find the steel corners of upper part of the net and attach them, one at a time, to the steel prongs on the two pipes #1.
4. Find the two steel corners on the lower part of the net and attach them to the steel prongs on pipes #5.
